

Tvornica mreža i ambalaže d.o.o. is founded in 1927. in Zadar and has long tradition in production of fishing nets, bags and nets for agriculture.

Continuous modernization, high quality raw materials, and wide range of products have enabled that company stays on the market for more than 80 years.

The production is divided in two segments:

1. Production of nets which includes:

- Nets for fishing
- Nets for aquaculture
- Nets for sport and protection

- Fishing twines

2. Production of packaging which includes:

- Raschel bags for agriculture
- Raschel nets for protection and shading
- Raffia ribbon
- Shrink film

For most of the products Tvornica mreža i ambalaže d.o.o. is the only producer in Croatia and region.

Our factory exports more than 60% of production; mostly in Germany, Italy and Slovenia.

All production processes are based on ISO 9001:2008 and ISO 14001 quality management norms.
